INDOOR GAMES FOR YOU AND YOUR DOG

Can't or don't want to take your dog outside? Try these indoor games with your dog.

All dogs need exercise, even when there is inclement weather or you just don't feel like going outside. Try playing some of these indoor games with your dog to keep him healthy and happy. In addition, playing with your dog, like training him, enhances the bond you share and helps him keep his focus on you!

You can change these games depending on how your dog is best motivated: praise/belly rubs, favorite toys, items to fetch, or treats. If you do use treats, one way to keep your dog from gaining weight from too many snacks is to use some of his mealtime kibble to play the games. As with any activity, keep each session short and fun! It's better to end the game before your dog gets bored or overly excited.

WHERE'S THE TREAT?

Start with 3 or 4 buckets (old cups or margarine tubs would work too). Show your dog that you have a treat or a favorite small toy. Put your dog in a SIT/STAY or DOWN/STAY about 10 feet away, then make sure he can see you as you place his prize under one of the buckets. Then say WHERE'S THE TREAT? and encourage him to smell the buckets—give him lots of praise when he paws, sits beside, or barks next to the correct bucket, and then lift it up so he can claim his reward. You can up the difficulty level by changing the position of the buckets after you place the treat or pretending to put treats under multiple buckets.
