Did you know...

* The origin of docking a dog's tail came from the Roman writer Lucius Columellas' assertion that docking the tail prevented rabies.

* The dog name "Fido" is from Latin and means "fidelity".

* The origin of the term "three dog night" comes from the Eskimos. On the coldest nights, Eskimos would take multiple dogs to bed with them to stay warm.

* When a dog is barking and you yell at him/her to be quiet, the dog really hears that you are barking too. When all dogs in a pack are barking, this is considered a good thing!

* "Higgins", the dog that played Benji, was 14 years old when he starred in the title role. He was previously seen in Petticoat Junction and was pulled by an animal trainer from an animal shelter just before being put to sleep.
